

eBill

Simplify bill presentment

Provide students and authorized payers convenient, 24/7 viewing access to current and prior bills with automated bill presentment.

Benefits for your staff

Automates bill presentment, delivery, and notification

Electronically delivers static bills with details including new charges and payment history

Eliminates labor and postage costs associated with printing and mailing student bills

Allows the ability to view a bill exactly as it appears to a student or payer

Additional presentment modules

Dynamic Bill

When you combine eBill with Dynamic Bill, your students can view real-time balance updates in their personalized portal—including financial aid.

1098-T & 1098-E

Give your students the ability to view and download their tax forms electronically, while reducing your manual work and costs with print, mail, and file capabilities.

Key features for students

- Uses secure, single sign-on compatibility with existing campus portals
- Provides a comprehensive view of all account information, including non-tuition charges
- Offers email and text alert notifications
- Includes access to bill history
