

SmartPay

Eliminate the Cost of Accepting Card Payments

Get a one-stop, payment processing solution for card transactions with Transact Payments powered by Cashnet.

SmartPay incorporates a multi-layered approach to security and privacy, which helps reduce risk by keeping data in a secure environment—and not on your campus. It allows you to eliminate cost of accepting card payments and retain 100% of billed tuition & fees from those payments.

Operates in conjunction with eMarket, ePayment, and Payment Plans

Eliminates the need for managing fee reconciliation from ACH and card payments

Features management of chargebacks and refunds to streamline operations

Provides significant cost savings for the college/university

Allows schools to retain 100% of billed tuition & fees from card payments

Offers a toll-free customer service number for students and their authorized third-party payers

Eliminate the need to manage merchant fee reconciliation.

The SmartPay solution provides your campus quick distribution of funds and easy reconciliation.
